

CONTENTS

Acknowledgments	iv
Part One: Background and Executive Summary	1
I. Background	1
II. Executive Summary	3
Part Two: Problem Definition, Problem Sources, and Current Advantages to Reduce the Divide Between Formal and Empirical Analysis	5
I. Problem Definition	5
II. Problem Sources	6
A. Compartmentalization	6
B. (Under) Graduate Education	7
C. Career Pressures	8
III. Existing Advantages	8
Part Three: The Role of NSF: Program Priorities	10
I. Priorities	10
A. Education	10
B. Knowledge Dissemination	11
C. Research	11
II. Integration with Other disciplines	11
Part Four: Conclusion	13
APPENDIX A: Opening Statement	16
APPENDIX B: Participant List and Commentaries	18
APPENDIX C: EITM Proposal	53
APPENDIX D: EITM Workshop Agenda	57
APPENDIX E: The EITM Dear Colleague Letter	59
